Life Insurance Made Simple

Life has many variables. Because of that, it is important to protect your future with a life insurance policy designed to meet all your final expense needs. SecureMaster is a universal life policy from OM Financial Life Insurance Company and is an ideal choice. It offers affordable coverage in amounts of \$10,000 to \$100,000.*

Protection for You and Your Family

SecureMaster provides affordable coverage for your final expense needs. With SecureMaster, you have coverage without purchasing large amounts of insurance. And, SecureMaster's features are outstanding!

SecureMaster offers an Accelerated Death Benefit rider that allows you to receive up to 50 percent of the policy's death benefit, up to a maximum of \$50,000, to help defray unexpected medical and other costs if the insured is diagnosed with a terminal illness or a physical condition as defined in the policy. (Accelerated benefits may be taxable and will reduce the benefits payable following your death. Please consult your tax advisor).

And, SecureMaster offers optional Waiver of Monthly Deduction, Other Insured benefit, Children's and Ultimate Income riders**.

Waiver of Monthly Deduction Rider — This rider waives monthly deductions (cost of insurance, expense charge, and policy fee) and keeps your policy in force if the insured has a total and permanent disability that lasts longer than 6 months. This prevents cancellation of your policy and keeps the cash value from being exhausted!

The Other Insured Rider — This rider enables you to have up to four people insured under the same policy, for exactly the same premium rates as if you had purchased separate contracts – with only one policy fee⁺!

Children's Rider – This rider provides up to \$10,000 of level term life insurance for the insured's children. It covers all of the insured's children under age 19 for only one premium.

Ultimate Income Rider – This rider allows you to designate how the benefit will be paid. Instead of a single lump sum at your death, payments can be disbursed for years, providing steady income for your beneficiaries.

Guarantees that Matter Most

Premiums on your SecureMaster policy earn interest daily from the date of receipt, with rates for additional premiums declared monthly. The rates on premium payments are guaranteed for the first 12 months. After that, those premiums will earn interest at a renewal rate which will be fixed for at least one year. Your policy interest rate will not be less than 3 percent.

And, as a special feature — OM Financial Life will credit your policy with additional interest on each policy anniversary after the 10th year, if the new money interest rate as of the last policy anniversary is greater than 3 percent.

Access to Your Funds

SecureMaster has a surrender value available to you, if you decide you need it⁺⁺. This value is your total cash value less any surrender charges and loans. Surrender charges are level for the first 5

policy years and then decrease uniformly each month over the next 10 years for a total of 15 years.

To add flexibility to your policy, SecureMaster also offers partial cash surrenders after the first policy year⁺⁺. (Full and partial surrender transactions may be subject to surrender charges and may be taxable. In addition, there is a \$25.00 charge for each partial surrender. Consult your tax advisor before choosing these options).

Policy Loans

SecureMaster also offers loans from your surrender value that are available at an 8 percent annual interest rate⁺⁺. What makes the loan feature so attractive is that OM Financial Life will continue to pay you interest on the amount you borrow at a rate of the lesser of 6 percent or the current credited rate. Thus, the difference between what is charged and what is credited is minimal!

After the 10th policy year, the net spread is zero percent. This only applies to the extent that loans are made from policy gain, which is the cash value less premiums paid.

Yearly Updates

Each year, you will receive a report summarizing all your policy activity.

*In the State of Washington, the minimum face amount is \$25,000 for ages 72 and greater; for ages under 72, the minimum face amount is \$10,000.

**Some optional benefit riders may not be available in all states. These riders will require additional premiums.

+Accelerated death benefit rider and waiver of monthly deduction rider coverages only apply to the primary insured.

++May increase the likelihood that your policy value will not be sufficient to cover the monthly costs of your policy.
